

SDMHA & DELTA WILD ELITE SKILLS TRAINING 2018/2019

South Delta Minor Hockey Association has partnered with the Delta Wild Academy to offer a skills training program for the 2018 – 2019 hockey season.

The program will be designed for the SDMHA dedicated rep hockey player that wants to train, work hard and take their game to the next level. All sessions will be taught by the Delta Wild Academy instructors. Due to Yogi's unavailability to run the EHP afternoon program we looked for an alternative option. SDMHA and Yogi feel that Delta Hockey Academy instruction will be beneficial to our players development and we recommend this program.

Players will be placed in their appropriate skill group to maximize the teaching efficiency and the learning experience of every individual player. Players need to be pushed, but learning must be fun and done in a safe environment. Players will be assigned into groups based on our knowledge and understanding of each player.

The program will be a 20-week program **tentatively** starting the week of October 3rd, 2018 and ending March 6th, 2019. The schedule will be confirmed prior to the start of the season. Maximum of 20 players per session.

DELTA WILD SKILLS TRAINING
