

## MEMORANDUM

May 10, 2017

**TO:** BC Hockey Membership

**FROM:** Barry Petrachenko  
Chief Executive Officer

**SUBJECT:** Cross-Ice Policy Wording

---

Please find the following revised wording adjustments to our Cross-Ice Policy as approved by the BC Hockey Board of Directors at their April meeting.

This policy is in keeping with the mandate passed last summer at the urging of the Minor Committee and these adjustments simply set out the required parameters for cross-ice hockey to ensure that the policy results in the operation of programming on a consistent, fair basis throughout the province.

### **Policy 9.04 Hockey Canada Initiation and Cross-Ice Program Delivery**

Hockey Canada Initiation Program and use of Cross-Ice

All games involving teams below the atom division shall be played utilizing a cross-ice set up. Associations may apply for a variance/allowance to utilize half ice if the total surface area of the arena is less than that of a standard NHL ice surface (200' length x 85' width). The standard gameplay area for cross-ice is 85' x 78'.

Cross-ice resources can all be found on the [website](#).
